McCain deserves the title "hero" for so many reasons. I'm copying Huma so she sees your good wishes.

Just when you think the level of political discourse could not sink any lower Michelle Bachman and her cohorts take it to a new extreme. I have to admit I am speechless. And then she has the audacity to issue a statement saying her remarks are being distorted!! I did try to email her to express my outrage but apparently the House system has a filter which only allows communication from constituents. Strange way to run a democracy. Guess I will have to resort to snail mail.

I did send an email to Senator McCain thanking him for his statement. I told him I remembered he did a similar thing for David Ifshin when David and President Clinton were being attacked for David's stance as a student on the Viet Nam war. Obviously I don't agree with him on most things but he really does rise to the occasion at times like these.

Take care and please give my best to Huma.
